**Smart Toe II**

Book your case today. Over 100,000 already sold.
Smart Toe II
Shape memory PIP & DIP implants

Proven. Flexible. Supported.\(^2,3,4\)
- \(100,000+\) implants sold globally
- \(2x\) rate of successful fusion when compared to Kirschner wires\(^1\)
- Successful clinical fusion rates of over \(90\%\)^2
- Less than \(1\%\) reported rates of implant failure\(^3\)
- Clinically reported high patient post-operative satisfaction rates\(^4\)

Dynamic compression
The Smart Toe II implant is stored below \(32^\circ\)C for two hours prior to surgery. Upon insertion, as the implant returns to normal temperature, the head and feet expand, providing compression across the joint line.
