3102-1910	10mm		
3102-1912	12mm		

Wedge trials

Wedge trials allow surgeons to efficiently determine ideal wedge size intraoperatively. The trials were designed with a convenient full-wedge or height-only sizing option with heights of 6mm, 8mm, 10mm, and 12mm.

Ref #	Description
705760	Wedge trial, 6mm
705761	Wedge trial, 8mm
705762	Wedge trial, 10mm
705763	Wedge trial, 12mm
940472	Wedge trial insert for VariAx 2 modular tray

Trauma & Extremities

A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery.

The information presented is intended to demonstrate a Stryker product. A surgeon must always refer to the package insert, product label and/or instructions for use, including the instructions for Cleaning and Sterilization (if applicable), before using any Stryker product. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your Stryker representative if you have questions about the availability of Stryker products in your area. Stryker Corporation or its divisions or other corporate affiliated entities own, use or have applied for the following trademarks or service marks: Stryker, VariAx.
